

Individual Statement of Dr. Santiago Torres Bernárdez

I approve Procedural Order N° 21 without prejudice of my dissent concerning the present Database Verification Undertaking for reasons explained in my previous relevant dissenting opinion and statements. It follows that my approval of the Procedural Order as a whole is subject to the reservation that it does not encompass any endorsement on my part of the passages of the Order concerning that Undertaking, namely paragraphs 10, 12, 15, 16 and 22 to 24 of the recitals and paragraph 5 of the executive part of Procedural Order N° 21.

Signed: Santiago Torres Bernárdez
